WHAT WE DO

We provide professional Property Refurbishment services

Paraph Property Improvement Ltd is an innovative, professional refurbishment company, committed to quality workmanship and complete customer satisfaction. All projects are completed as if they were our own. From design to completion, we strive to meet all our customers' refurbishment needs, completing their projects on time, on budget, and with as little disruption to their properties as possible. We are dedicated to building lasting impressions long after the price is forgotten.

We will help you determine the best solutions for your space whether it's new construction or refurbishment. Explore the possibilities and discover how you can experience added convenience, comfort, and aesthetics in your property.

From kitchen to bathroom refurbishment, basement finishing, room additions, and whole-house refurbishments, if you're looking for a specialist to refurbish, restore or update your property the friendly and knowledgeable staff at Paraph Property Improvement are happy to help you understand the Paraph Property Improvement and the kind of quality projects we specialize in.

For some Property Refurbishment projects, it is advisable to employ an architect or interior designer while for other projects Clients' ideas together with our input can lead to fantastic results. We are more than happy to provide a Design and Build package or work with an architect or designer chosen by you. Moreover, we are equally happy to run a project

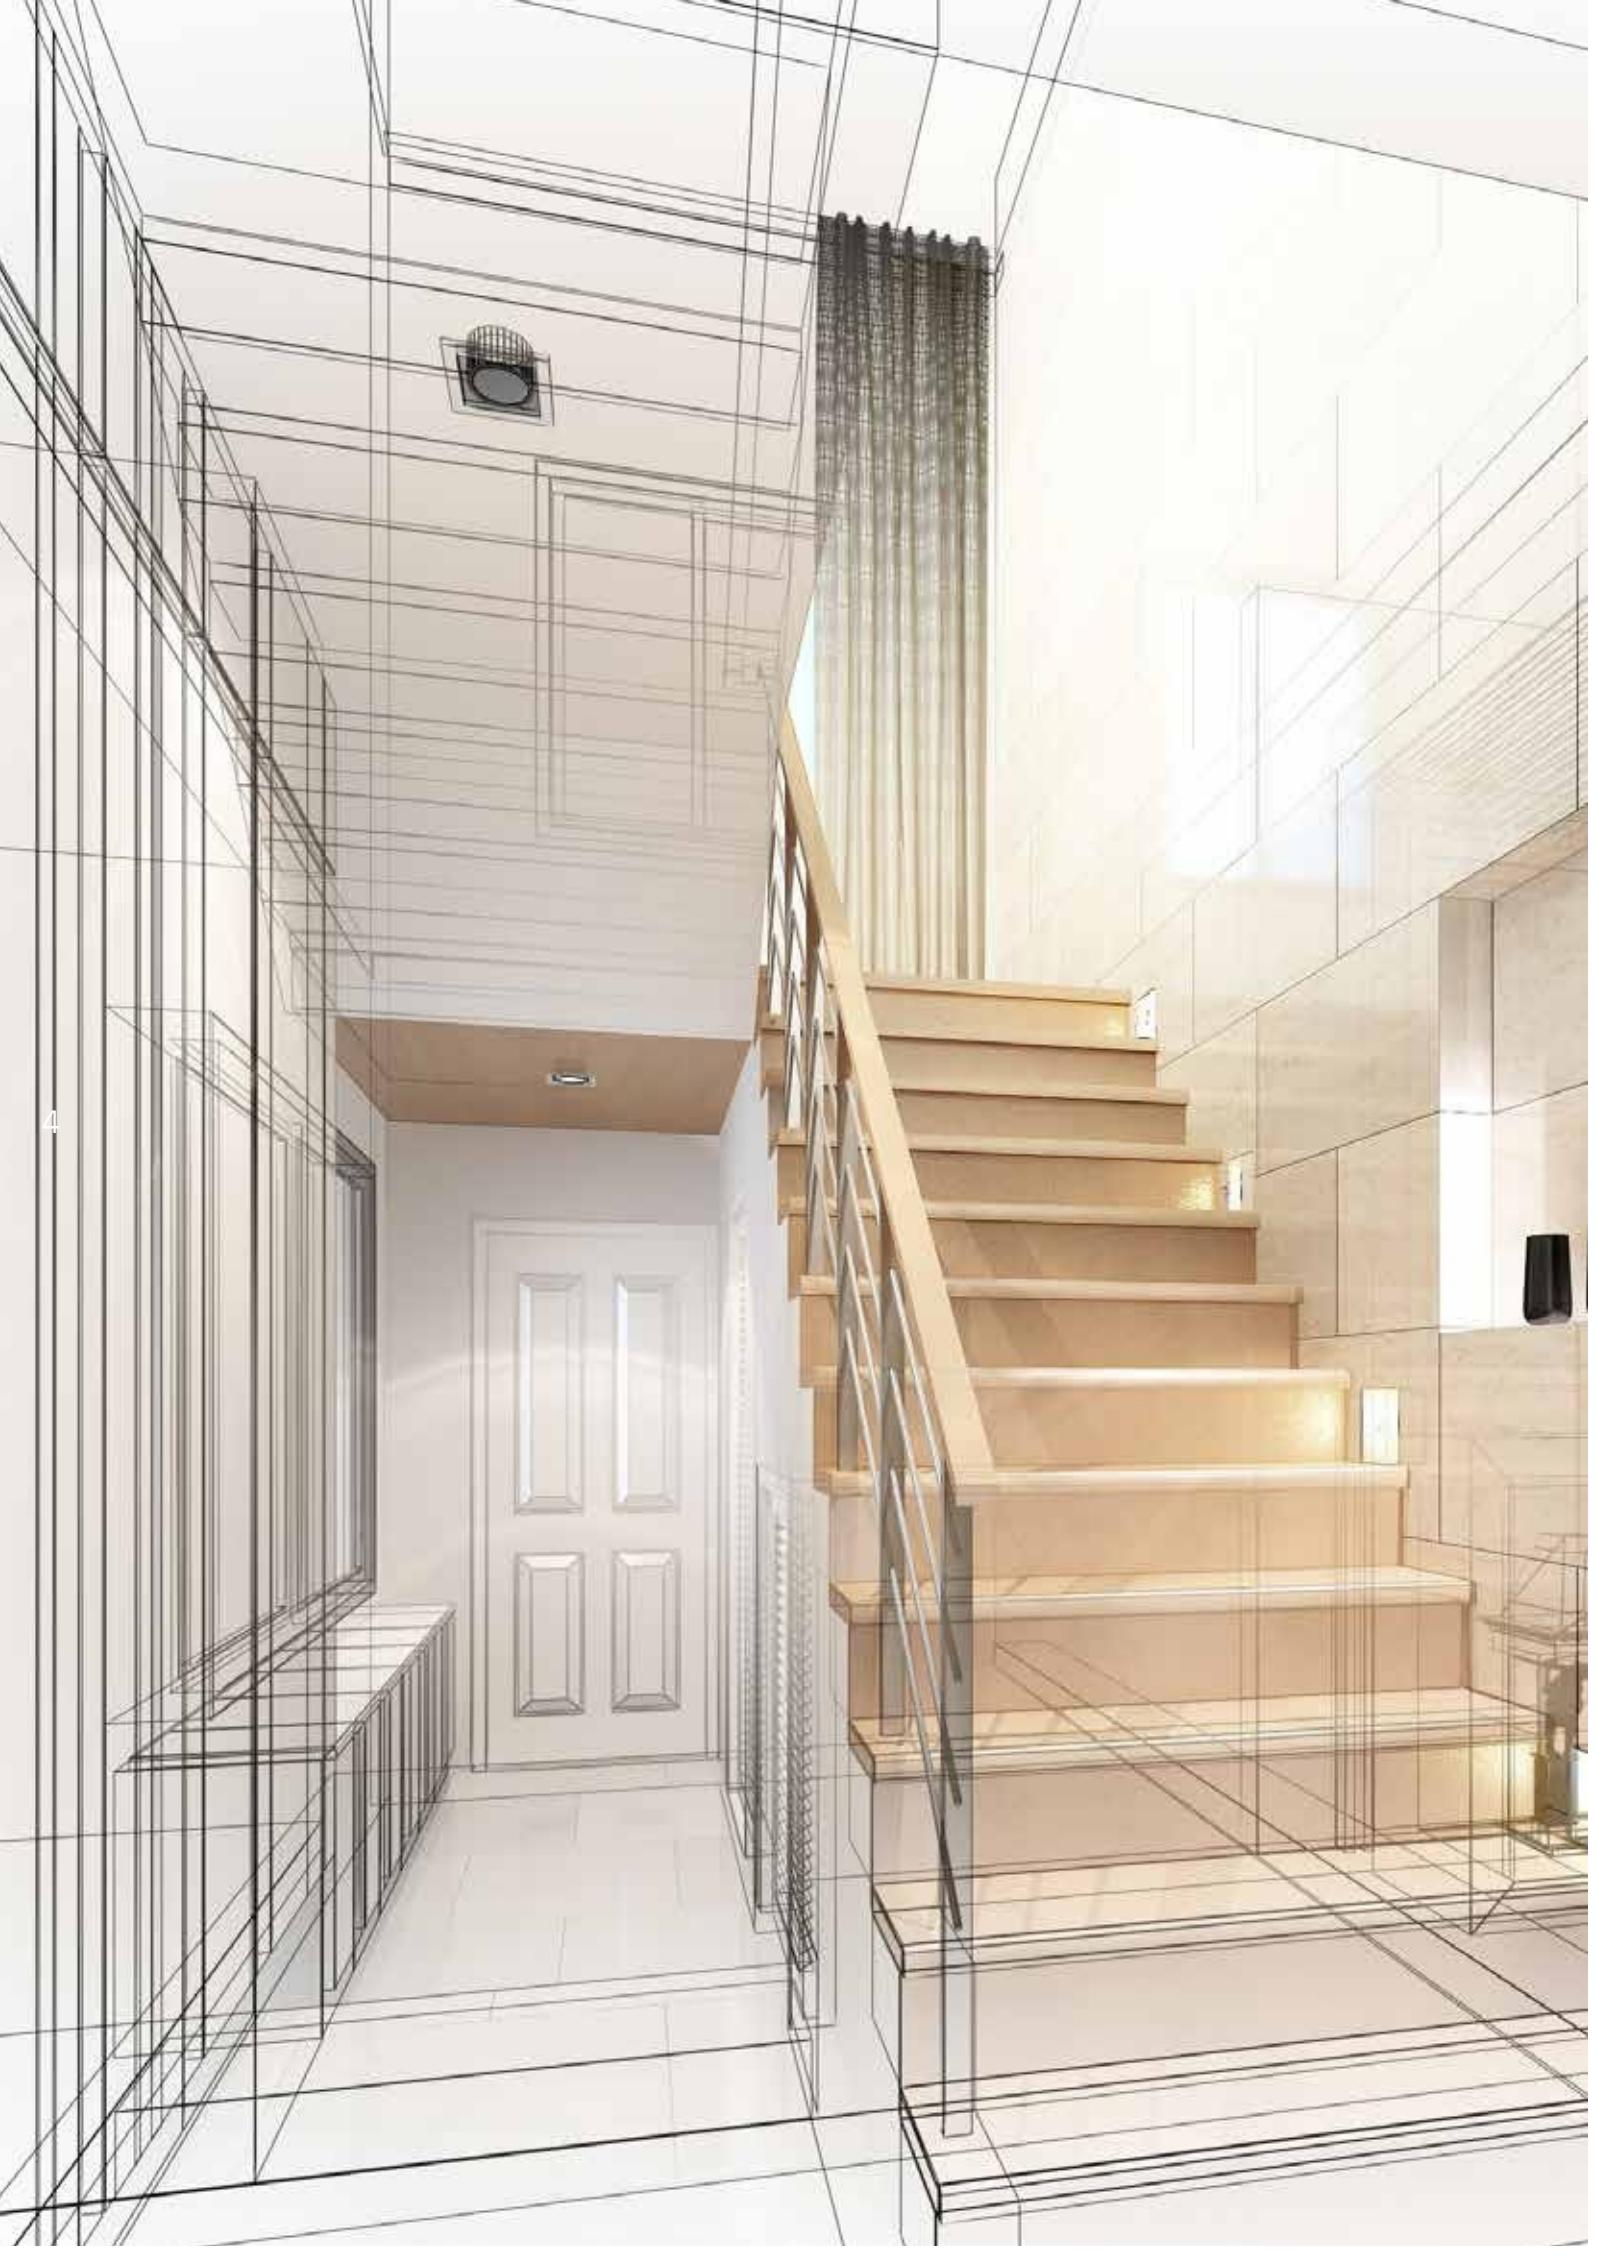

without an architect or designer alongside you expressing our ideas and suggesting solutions.

Each project gives a unique opportunity to create beautiful living space and, with the right execution and good planning, to add significant value to your property.

We are professionals. We have a team of skilled and experienced tradespeople and construction experts in your area, providing a creative eye for detail on a plethora of property refurbishment projects.

Due to years of experience, "can do" attitude, out-of-the-box ideas, and true passion, each project entrusted to us has a great chance of success;

- We are competitive. We keep constant margin throughout the length of a project which means that costs to any variations to the contract shouldn't surprise you. Communication is key. We listen to you, give you advice and seek approvals where needed;
- Our team is knowledgeable and skilled. Our work is guaranteed - for refurbishment projects we provide a guarantee certificate up to 10 years for selected works.
- We employ great people, the ones who care, starting from Project Managers, and finishing with site laborers. For each project, we prepare a project plan. We are very accurate in assessing timing.

OUR WAY OF WORK

STAGES

- YOUR WISHES
- DESIGN
- BUILDING
- BESPOKE FURNITURE

Quality Guaranteed

We guarantee a high quality of service and delivery for every single customer and every single property refurbishment project. Our customer service begins from the first time you contact us, and runs throughout the project and beyond. Our skilled team of tradespeople always work hard and are constantly on the lookout for ways to improve and for innovative ways to make the process more effective.

5

Bespoke Service

When you first contact our friendly customer service team we will arrange a consultation with you about your property. We have worked with many different types of properties and customers over the years and understand that everyone is unique. We will create a tailor-made plan of action, specific to your property, goals, and budgets. All of this is based on a foundation of hard work and a passion for the craft that ensures you receive the quality service that you deserve.

On-Time and On-Budget

As mentioned, our detailed plans are created specifically for you. We'll have a complete understanding of your budget for the property refurbishment, and the deadlines that we have in place to work with. Having all the information to hand ensures that we can create a roadmap, understanding where problems may arise and how to resolve them without losing time or money

KITCHEN

Are you looking to update your kitchen? It can be hard knowing where to start with kitchen remodeling. This can be one of the hardest rooms to remodel in your home. One of the most important things to consider in a kitchen remodel is functionality. Paraph Property Improvement is a full service, the self-performing contractor offering kitchen remodeling services. Our kitchen designers are creative and inventive when it comes to designing a beautiful and fully functional kitchen. Our kitchen remodeling team will be with you every step of the way from the design and layout of your kitchen cabinetry to kitchen countertops, tile or hardwood flooring, kitchen fixtures, splashback, and more. Paraph Property Improvement is a remodeling contractor that you can trust for quality.
